Message From Mayor Flint

Good news! That is what our article today is all about. Nothing but good news. Also just a passing praise in honor of Mother’s Day. Or, if you know it as a mother, Ultimate Guilt Day. Mothers are the best! As are any women who help in the crucial job of raising kids. Aunts, sisters, grandmas; keep it up ladies!

First of all we have a new police chief! His name is Jeff Simmons. Some of you may know him since he has been with the Logan Police Department for 22 years. He did just about every possible job there and was a Lieutenant before he came to us. He is very well educated, (which surprisingly does not prevent him from having a great sense of humor), with a Bachelor’s Degree in Criminal Justice, and a Master’s Degree in Human Resource Management. So he is a great candidate for police chief.....or crime lord, either one. On a personal note, he has 2 teenagers (hence the grey hair) who attend Logan High and they live in Logan. (Try not to hold that against him.) They love to travel, especially to the tropical parts of the world, or to historical sites in America. We are excited to welcome him to our NPPD and we think he is going to be fantastic!

We will be having an open house for all to come and meet Chief Simmons on May 8 from 6-8 p.m., downstairs in the city center so come and see for yourself. There will be light refreshments. Oh and bring jokes! He will appreciate them.

Second item of good news! We will be getting some more recreation land. For free! Here is the low down from Mark Hurd, the city councilman in large part responsible for this great addition to our fair city. This land is located at the mouth and east into Hyde Park Canyon.

The City of Hyde Park will receive an 80 acre parcel of land from the Federal Government’s Bureau of Land Management later this year. The City’s primary interest in this land is to construct a 2.0 Million gallon culinary water tank near the far east boundary of the said property. Transmission and distribution pipe lines would extend to and from the tank in order to connect the tank to the rest of Hyde Park’s water system.

In addition, Hyde Park desires to build west and down gradient of the 2.0 million gallon tank a secondary water/irrigation pond. This pond would allow spring water that can’t be stored in the tank when it is full to overflow into the pond. Also, irrigation water would be pumped to the pond. We’re focused on allowing residents to enjoy this beautiful mountain setting and view of the valley. Over this summer the City will consider the many uses available to us at this location. A couple options are: a nature park, trail heads along the Bonneville Shoreline Trail and the entrance to the canyon.

The City is grateful to the BLM, the Dept. of Natural Resources and Congressman Rob Bishop’s office, along with many other great supporters. We thank you for supporting this effort for local control of public lands.

As I promised, good news only. Happy May to you all!

Jr Council
April’s Good Neighbor is such an excellent example of what a good neighbor is! We are excited to announce that Marilyn & Allen Grunig are our April winners! They have earned our April basket of goodies from years and years of being amazing neighbors. The nomination we received explained how the Grunigs instinctively know when someone needs help and are first to show up. Marilyn and Allen have served the city and beyond with lots of service on the city council and the school board. One thing we found out was Marilyn’s efforts in getting a government grant for Lee Park. One of the requirements was to show adequate service hours in prepping the ground for landscaping. Allen & Marilyn along with their sons spent many hours preparing the area for that important inspection. And from their family efforts we have a beautiful park we all enjoy! The Grunig’s are the quintessential hosts and have strengthened friendships through their fun get togethers. If you ever have a cooking question or need a recipe, Marilyn is the one to ask! We love that the Grunig’s have made Hyde Park their home and appreciate all they do to make our city a better place! Do you have great neighbors like Marilyn & Allen? We want to hear about them! Email a short nomination to steph45a@yahoo.com

The Jr Council ended April with service at the Bishop’s Storehouse. We enjoyed our time there. The Jr Council kids make service fun. They are a great bunch of youth!
